

Pheasant Stocking Sites by Town 2023

NH Fish and Game Department
11 Hazen Drive, Concord, NH

Pheasant Season: October 1st - December 31st, 2023

The following list provides a road name for sites stocked with pheasant. Locations shaded with italicized bold print are state managed lands while the rest of these sites are on privately owned land open to hunting. Locations with more than one stocking site on the property are so noted. The tradition of pheasant hunting is available only because landowners continue to allow hunters access and areas to hunt pheasants.

This year, 10,000 adult ring-necked pheasants will be purchased and released at 64 sites in 43 towns. Sites will be stocked just prior to opening day and then on either a Thursday or Friday through October 20. **Pheasant season will be closed until noon statewide on in-season stocking days. These closures will occur on Thursdays and Fridays, October 5-6, 12-13 and 19-20.**
